

## Europe in My Hands

Minimum number of players: 4 (2 pairs)

The game is set on the map of Europe

You have to collect money and country flags during the game

There are 3 zones of countries (shown on the map)

Every player starts from Hungary

The starting amount of money is 500 Fabatka

Every time you travel you have to pay an amount of money, just as in real life (200 Fabatka)

If you would like to unlock the **2<sup>nd</sup> zone**, you have to collect 8 different flags from zone 1 by visiting 8 different countries and completing a task (*multiple choice*). For the right answer, you get **300 Fabatka** and the flag of the country.

If you would like to unlock the **3<sup>rd</sup> zone**, you have to collect 8 different flags from zone 2 by visiting 8 different countries and completing a task (*charades*). For the right answer, you get **400 Fabatka** and the flag of the country.

In the 1<sup>st</sup> and 2<sup>nd</sup> zone, if you cannot solve a task, you won't get the flag of the country but you have to travel to another one for 200 Fabatka.

You can revisit a country to increase your budget, but you cannot collect the same flag twice.

In the 3<sup>rd</sup> zone, there are open questions: *what would you do if...?* Work in pairs. The other players will judge your solution and give you 100-600 Fabatka. (There are no flags in this zone) Be creative!

If you lose all your money, you will have to go back to Hungary and start over.

The winner is the one who has the largest amount of Fabatka.
